

April 13, 1983

LB 628

any computer equipment until we know we have got some experts in there that know what they are doing when they spend millions of dollars for it. Thank you, Senators.

SPEAKER NICHOL: Senator DeCamp. The question has been called. Do I see five hands? I do. The question is, shall debate cease? All those in favor vote aye, opposed nay. Record, Mr. Clerk.

CLERK: 20 ayes, 0 nays to cease debate, Mr. President.

SPEAKER NICHOL: There being no other lights, Senator Vickers, did you wish to close?

SENATOR VICKERS: Thank you, Mr. President. First of all let me say that I am not going to offer the amendment that Senator Pappas wanted me to offer to this amendment that would indicate that the only types of computers we are going to buy are Apple Computers from Pappas Brothers in North Platte. I want you to know that. Seriously, seriously, what I am talking about quite simply, and I appreciate Senator Warner's comments and I like Senator Warner am not that proficient in discussing computers and using computer language but what it boils down to is this, I would rather that the administrative computers, even though they are ten years old, be continued to be used than to have...that instead of replacing those with new ones than to have students who are being turned away from the program of computer science or students who are in the program that have to go and get access to the computers to do their work at the wee hours of the morning as they are having to do now. I think it is ridiculous that we do not put more funds and upgrade the Computer Science Department at this point in time especially when we are talking about the changing technologies and the fast growth in that industry and how our young people need to be trained. That is the bottom line of this amendment. The bottom line is I would rather the administration would get along with the old computer for another year or two and let's upgrade the academic portion of the Computer Science Program. I urge your adoption of the amendment.

SPEAKER NICHOL: The question is the adoption of the Vickers amendment. All in favor vote aye, opposed nay. Senator Vickers.

SENATOR VICKERS: A record vote please.

SPEAKER NICHOL: A record vote has been called. Mr. Clerk, record.
